The Honorable Nancy Pelosi
Minority Leader
U.S. House of Representatives
H-204 U.S. Capitol Building
Washington, DC 20515

Dear Speaker Boehner and Representative Pelosi:

On behalf of the undersigned physician organizations, we are writing to express our strong opposition to H.R. 4302, the "Protecting Access to Medicare Act of 2014," and we urge you to vote against the bill when it is considered on the floor.

Instead of reforming the Medicare physician payment system, Congress seems intent on imposing yet another round of arbitrary provider payment reductions to maintain a corrosive policy that essentially every Member of Congress says should be scrapped. Importantly, by selectively choosing cost savings proposals that were included in the bipartisan, bicameral policy framework set forth in H.R. 4015 and S. 2000, the bill being considered would undermine future passage of that framework and add to the instability that now impedes the development and adoption of health care delivery and payment innovations that can strengthen the Medicare program.

It appears that an unprecedented, bipartisan agreement on Medicare reform is on the verge of being cast aside because elected leaders are unwilling to make tough choices to strengthen programs serving 50 million Americans. We strongly urge Members to vote against this legislation and renew our call for all parties to engage in good faith, bipartisan efforts to enact the physician payment and delivery system reform policy contained in H.R. 4015/ S. 2000, the SGR Repeal and Medicare Provider Payment Modernization Act. The endless cycle of short-term remedies that serve to support a failed policy are no longer acceptable.

Sincerely,
