

**Adult MCCKAP
Individual Score Report**

ID: **#####_01**

Note: Your scores on the MCCKAP total test and subtests were standardized in the same manner that National Board scores are computed. Therefore, for the national group taking the Adult MCCKAP exam, test and subtest score distributions all had means of 500 and standard deviations of 100. The percentage of items you answered correctly for the total test and each subtest is also reported.
