Preliminary Program

Critical Care Congress

January 21-25, 2017
Hawaii Convention Center
Honolulu, Hawaii, USA

REGISTER EARLY TO SECURE YOUR TOP CHOICES IN COURSES AND ACCOMMODATIONS AT THE LOWEST RATES

To register, see page 9, visit www.sccm.org/Congress or contact SCCM Customer Service at +1 847 827-6888.
Emergency Neurological Life Support (ENLS): What to Do in the First Critical Hour of a Neurological Emergency

Thursday, January 26th, 2017
8:00 am – 4:00 pm | Hilton Hawaiian Village, Honolulu, HI

**SIGN UP TODAY!**

TO REGISTER FOR THIS COURSE, VISIT:
www.neurocriticalcare.org/Meetings/ENLS-at-SCCM

*This program is held in conjunction with the Society of Critical Care Medicine’s Critical Care Congress. The Society has reviewed the program to ensure its appropriateness for the critical care provider. However, the program is developed and managed by Neurocritical Care Society, an independent nonprofit organization, which is solely responsible for its content and management.*
Dear Colleague,

Join us at the Society of Critical Care Medicine’s (SCCM) 46th Critical Care Congress, to be held January 21 to 25, 2017, in Honolulu, Hawaii, USA.

The 2017 Congress will bring together more than 6,000 members of the critical care community to collaborate and explore new tools, technologies and processes. This five-day event will feature internationally renowned faculty and content sessions highlighting the most up-to-date, evidence-based developments in critical care medicine.

Communication, or Ka’a’ike, in the intensive care unit is progressing through the integration of science, technology and cultural awareness. This integration is optimizing the education and implementation of best practices among the multiprofessional team, including the patients, family and public.

Engage in the numerous events and networking opportunities offered at Congress:

- Attend the plenary sessions, which will feature presentations by authorities across disciplines on a wide array of clinical and research topics.
- Participate in cutting-edge educational sessions, hands-on workshops and an interactive debate theater.
- Collaborate with members of the multiprofessional team to solve complex problems, reduce barriers and improve standards.
- Share and participate through social media platforms and audience response technologies.
- Explore selected abstracts and case reports in the enhanced Research Snapshot Theaters.

Step inside the postcard picture and enjoy the magnificent beauty that is Hawaii. Take advantage of this unique opportunity to expand your critical care knowledge and enhance the care you deliver to patients.
Popular Congress Events and Sessions

**Educational Symposia**
Learn about clinical breakthroughs and advances that lead to better patient care during these thought-provoking presentations. Each session is presented by leading experts in critical care and offers a thorough analysis of the developments and controversies affecting most intensive care unit environments. These industry sessions are complimentary for all Congress registrants; no additional registration is needed to attend.

**Fellowship Program Directors Breakfast**
Critical care fellowship program directors are invited to participate in the Fellowship Program Directors Breakfast, to be held Monday, January 23, 2017, from 7:30 a.m. to 8:45 a.m. at the Hawaii Convention Center. This year’s breakfast will address educational aspects of integrating palliative care into the management of the critically ill patient. The results of a survey administered to SCCM’s critical care fellowship program directors and critical care fellows will be reviewed. The role of palliative care in the intensive care unit will be summarized by an expert in palliative care, and integration of palliative care into the educational paradigm of critical care fellowship programs will be reviewed from the perspectives of program directors and their fellows. *This is a ticketed session and requires advance registration and an additional fee to attend.*

**Abstract Presentations**

**Star Research Presentations**
These presentations will be scheduled, unopposed, for two hours on Sunday, January 22, 2017. The top 64 abstracts submitted will be highlighted.

**Awards Presentations**
Winners of SCCM’s abstract-based awards will be recognized during a ceremony on January 24, 2017.

**Research Snapshot Theaters**
Research Snapshot award winners and authors of selected accepted abstracts and the top case reports will present their submissions with time for questions and answers. Sessions will be moderated by noted faculty and experts to facilitate the exchange of ideas and commentary. Presentations will be held in designated sections of the Exhibit Hall on Sunday, January 22, through Tuesday, January 24, 2017.
Plenary Sessions

Attend thought-provoking presentations that promote innovative developments in critical care. Plenary sessions are held at unopposed times with presentations given by distinguished, world-renowned leaders in the critical care field. Speakers include:

**John C. Alverdy, MD, FACS**
Sarah and Harold Lincoln Thompson Professor of Surgery
Executive Vice-Chair, Department of Surgery
University of Chicago
Chicago, Illinois, USA

**Timothy G. Buchman, PhD, MD, MCCM**
Founding Director, Emory Critical Care Center
Professor of Surgery and Anesthesiology
Emory University School of Medicine
Editor-in-Chief, Critical Care Medicine
Atlanta, Georgia, USA

**E. Wesley Ely, MD, MPH, FCCM**
Professor of Medicine
Associate Director of Research, Geriatric Research Education and Clinical Centers
Vanderbilt University Medical Center
Nashville, Tennessee, USA

**Patrick M. Kochanek, MD, MCCM**
Ake N. Grenvik Professor of Critical Care Medicine
Vice-Chair, Department of Critical Care Medicine
Professor of Anesthesiology, Pediatrics, Bioengineering, and Clinical and Translational Science
Director, Safar Center for Resuscitation Research
University of Pittsburgh School of Medicine
Editor-in-Chief, Pediatric Critical Care Medicine
Pittsburgh, Pennsylvania, USA

**John C. Marshall, MD, FRCSC, FACS, FCAHS**
Professor of Surgery, University of Toronto
Attending Surgeon and Intensivist, St. Michael's Hospital
Chair, International Forum for Acute Care Trialists
Secretary General, World Federation of Societies of Intensive and Critical Care Medicine
Vice-Chair, International Severe Acute Respiratory and Emerging Infection Consortium
Toronto, Ontario, Canada

**Nalini Nadkarni, PhD**
Professor of Biology
University of Utah
Salt Lake City, Utah, USA

**Jason A. Roberts, PhD, B Pharm (Hons), B App Sc, FSHP**
Director, REDUCE Centre for Research Excellence
Professor of Medicine and Pharmacy,
NHMRC Career Development Fellow
The University of Queensland
Advanced Pharmacy Practitioner
Royal Brisbane and Women's Hospital
Brisbane, Queensland, Australia
Pre-Congress Educational Sessions

Participate in pre-Congress educational sessions. Each course is packed with essential clinical information to keep you well informed on various critical care topics. Course prices vary. Visit www.sccm.org/Congress to register.

Friday, January 20, and Saturday, January 21, 2017

**Advances in Veterinary Critical Care**  
*Held in partnership with the American College of Veterinary Emergency and Critical Care*  
This course is designed for veterinary emergency and critical care practitioners, residents and interns. It will focus on veterinary kidney classification, diagnosis, physiology, treatment and best practices. The second day will culminate in a mock examination for those preparing to sit for the American College of Veterinary Emergency and Critical Care board examinations.

**Critical Care Pharmacy Preparatory Review Course**  
*Held in partnership with the American College of Clinical Pharmacy*  
This two-day course is ideal for pharmacy professionals who are preparing for the Critical Care Pharmacy Specialty Certification Examination administered by the Board of Pharmacy Specialties in the spring and fall of 2017. Developed and presented by nationally and internationally recognized faculty, the course will provide a comprehensive review of the knowledge domains covered in the critical care specialty.

**Current Concepts in Adult Critical Care**  
Enhance and update your critical care knowledge by attending this two-day multidisciplinary course, which will highlight a variety of topics applicable to the intensive care unit setting. The interactive format will include presentations on select topics, such as seizure and acute intracranial hypertension management, mechanical ventilation, extracorporeal membrane oxygenation, sepsis, liver transplant and a debate on fluid management in septic shock.

**Current Concepts in Pediatric Critical Care**  
Attain expert knowledge and bring home new information and approaches for your pediatric critical care practice. This two-day interactive course with panel discussions and pro/con talks will focus on clinical challenges immediately pertinent to the critical care practitioner and will provide insight into new and controversial topics. This year, topics will include updates and cutting-edge approaches in the following four areas: infections, surgical developments, technology and the specialized pediatric intensive care unit.

**ECMO Management**  
*Held in partnership with the Extracorporeal Life Support Organization*  
Explore the basic management principles common to extracorporeal membrane oxygenation (ECMO) programs for both adult and pediatric patients. This intense two-day simulation course will cover topics including basic physiology of ECMO, equipment and patient selection, and economic and ethical considerations. *This course will take place at the Ala Moana Hotel in Honolulu, Hawaii, USA.*
**Adult Airway Management in the Critically Ill**
This course will include short, high-yield didactic and hands-on learning for difficult airway assessment, direct and video laryngoscopy, extraglottic device placement and removal, and percutaneous and surgical cricothyroidectomy.

**Adult Multidisciplinary ICU Simulation Bootcamp**
This half-day simulation course will engage multidisciplinary learners in high-fidelity simulated complex intensive care unit (ICU) emergencies to learn and improve teamwork, leadership, and situational awareness in acute ICU care. Participants will practice managing high-risk but infrequent ICU-type conditions in a realistic environment and then debrief the learning experience in collaborative and interactive sessions. Physician, physician assistant, registered nurse and respiratory therapist participants should have some practice experience in any type of ICU setting. This course will take place at the University of Hawaii Translational Health Science Simulation Center in Honolulu, Hawaii, USA. Round-trip transportation from the Hilton Hawaiian Village will be provided.

**Fundamentals Faculty Academy**
This single-day course will provide intensivists and other intensive care unit clinicians an overview of how to coordinate and teach Fundamental Critical Care Support (FCCS), Pediatric Fundamental Critical Care Support (PFCCS), and Fundamental Disaster Management (FDM) licensed courses. Offered for both those interested in bringing FCCS, PFCCS or FDM to their institutions and individuals from institutions currently hosting a Fundamentals course, leading course consultants and developers will share best practices for course administration, demonstrate strategies for successfully providing the course across a variety of environments, and discuss different adult learning principles for engaging participation. Course participants will also be given the opportunity to practice these strategies by participating in skill stations for each of the Fundamentals courses.

**Hemodynamic Monitoring: From Cardiovascular Physiology to Applied Intensive Care Medicine**
This course will review basic principles of cardiovascular physiology as applied to specific critical illnesses, along with current technologies in intensive care unit cardiovascular monitoring. Case-based scenarios on cardiogenic shock and septic shock will be covered.

**Ho‘ola hou (Revive): Resuscitation Officers Training Program (Code Blue and Medical Emergency Teams)**
This course will present exciting new science and practical tips and tricks for advanced life support, code blue committee and rapid response team leaders to effectively implement the 2015 American Heart Association guidelines. Innovative tools for predicting cardiac arrest and resuscitation events, improving code blue documentation, videotaping and debriefing events and avoiding medicolegal risk will be discussed and debated. In collaboration with the Citizen CPR Foundation, global experts in resuscitation science will rub elbows and brainstorm with participants in small groups to help them solve their hospitals’ code blue and life support certification and training challenges. Come share your challenges and solutions in the safe and friendly Hawaiian tradition. (Hawaiian shirts recommended.)

**Liver Failure in the ICU: Key Concepts and Management Principles**
This course is designed to provide the practicing critical care provider an overview of basic and advanced management principles of the critically ill patient with liver disease. Participants will acquire knowledge of the manifestations of acute, chronic and acute-on-chronic liver failure, derangements in physiology associated with liver disease, the intricacies of crosstalk between the liver and multiple organs and the evolution of paradigms of care for hepatic failure and critical illness.

**Nutrition Research Workshop: From Bench to Bedside**
Held in partnership with the American Society for Parenteral and Enteral Nutrition
This course will focus on cutting-edge investigations in the fields of critical care medicine and nutrition that are expected to have clinical impact at the bedside in the intensive care unit. The course will address areas of clinical guidelines and research focused on safe and effective care and improvement in patient outcomes. Scientific rationale for the recent changes in the critical care nutrition guidelines of critically ill adults and children will be discussed, along with implementation strategies for bedside application.

**What You Need to Know to Manage the Neurologically Critically Ill Patient**
This course will evaluate diagnosis and treatment options for neurologic illnesses, review the current neurologic guidelines and pathophysiology to optimize care of the neurologically injured patient, and discuss methods to facilitate prognostication of neurologic injury.
Assist in the immediate management of patients by learning or enhancing point-of-care ultrasound skills. Course prices vary. Space for these courses is limited. Visit www.sccm.org/Congress to register.

Wednesday, January 25, and Thursday, January 26, 2017

**Critical Care Ultrasound**
Gain the realistic training needed to perform and interpret ultrasound imaging during this two-day comprehensive course. Participants benefit from guided, focused skill stations, featuring live models and interactive presentations to reinforce key learning points. *This course will take place at the Hilton Hawaiian Village.*

**Critical Care Ultrasound – Pediatric**
Learn how to perform and interpret pediatric ultrasound imaging during this comprehensive two-day course. Extensive faculty coverage ensures a significant hands-on experience for each participant. *This course will take place at the Hilton Hawaiian Village.*
At the conclusion of the 46th Critical Care Congress, participants should be able to:

- Apply new knowledge and strategies to optimize the care of the critically ill patient as provided by the multiprofessional team
- Examine evidence-based medicine techniques to evaluate and improve patient care
- Review and integrate guidelines to measure performance and identify areas for further study and improvement

**ADMINISTRATION**
- Breaking Down the Silos to Improve Critical Care Delivery
- Building an Advanced Practice Provider Critical Care Workforce
- Communicating Safe Passage
- Critical Care Beyond the ICU Boundary
- Electronic Terrorism: Holding the Electronic Medical Record for Ransom
- Grading the Intensive Care Unit
- THRIVE ICU Aftercare Service: An Essential Part of Our Care
- Trends in Successful ICU Telemedicine Programs

**CARDIOVASCULAR AND RESUSCITATION**
- Be Still My Heart: New-Onset Atrial Fibrillation in the Critically Ill Patient with Shock
- Critical Care Echocardiography: The Cutting Edge
- ECMO Part I: Current Concepts
- ECMO Part II: Nuances and Physiologic Curiosities

**ENDOCRINE AND RENAL**
- Deresuscitation: You Have to Swell to Get Well and Pee to Be Free
- PEEserving Renal Function in the ICU
- Steroids Beyond Sepsis: What Is the Role?

**ETHICS AND END OF LIFE**
- An Educational Perspective: The Role of Palliative Care in the Management of ICU Patients (Fellowship Directors Breakfast)
- Extraordinary Measures at the End of Life: Withholding or Withdrawing Therapy in the Age of ECMO
- Help, My Patient Is Dying: Palliative Care in the ICU
- Hot Topics and Late-Breaking Science: Physician-Assisted Suicide and Euthanasia in the Intensive Care Unit: A Dialogue on Core Ethical Issues
- How Dead Is Dead? The Intersection of Declaring Death, Technology, and Organ Donation

**GASTROINTESTINAL/NUTRITION**
- AKI in Cirrhosis: Blame it on the Liver?
- Guidelines: Do They Resolve Controversies and Misconceptions in ICU Nutrition?
- The Gut as a Target to Modulate Inflammation

**HEMATOLOGY/IMMUNOLOGY**
- The Endothelium in End-Organ Dysfunction
- Evidence Base for Modern ICU Transfusion Medicine
- Sitting in a River of Blood Without a Paddle
- Tissue Injury, Hemolysis, and the Immune System

**INFECTIOUS DISEASE**
- Antibiotic Dosing and Delivery in Organ Failure and Special Populations
- Is the Antibiotic Killing My Patient?
- Less is More: Antibiotic Stewardship in the ICU
- Rapid Detection and Optimization of Antimicrobials in the ICU

**NEUROSCIENCE**
- Exploring the Uses of EEG in the ICU
- Neurologic Hemorrhagic Emergencies: Reversal of the Effects of Drugs That We All Hate
- Reducing the Burden of Delirium in the ICU
- Should the Neurosurgeon Take My Patient to the Operating Room?
- Sky High: Novel Methods for Detecting Intracranial Hypertension
- Stroke: State of the Science
- Targeting Molecular Mechanisms to Prevent Secondary Neuronal Loss: Are They Ready for Prime Time?

**PEDIATRICS**
- Controversies in Pediatric Mechanical Ventilation Part I: Invasive and Noninvasive Ventilation for Pediatric Respiratory Failure
- Controversies in Pediatric Mechanical Ventilation Part II: Does HFOV Improve Pediatric Outcomes?
- From Toxic to Healing PICU Environments
- Nutrition Support During Pediatric Critical Illness
- Pediatric Critical Care and the Brain
- Pediatric Procedural Sedation in the 21st Century: Standards, Safety and Success
- Zooming in on the ABCDEF Bundle in the Pediatric Population

Continued on page 8
Comprehensive Program Topics, Continued

▲ PHARMACOLOGY AND SEDATION
• Fifty Shades of Delirium
• House of Pain: Utilization of Multimodal Pain Management Strategies in the Preoperative Area and ICU
• Medication Diluent Harm

▲ PLENARY
• ABCDE and F Bundle: The Science Behind Liberating ICU Patients and Families
• The Brain and Hypothermia: From Aristotle to Targeted Temperature Management, the Good Stuff Keeps Coming Back
• “Fallen” - A Transdisciplinary Tale of Disturbance and Recovery
• Innovative, Interdisciplinary Strategies to Address the Intensivist Shortage
• Global Data Harmonization and Collaboration
• The Microbiome: Emergence of the Pathobiome and the Immunopathology of Critical Care
• Right Dose, Right Now: Customizing Drug Dosing for the Critically Ill Patient

▲ PROFESSIONAL DEVELOPMENT
• Joint SCCM/ESICM Session (title TBD)
• Become a Fellow of the American College of Critical Care Medicine (non-CE session)
• Burnout in ICU Healthcare Professionals: Implementing a Call to Action (Critical Care Societies Collaborative Joint Session)
• Critical Care Training of Providers in Resource-Limited Countries: Any Role for SCCM?
• Family-Centered Care: Translating Research into Practice
• ICU Education of the Future
• Ka’aike, Communication and Feedback: Are Your Skills at the Level They Should Be?
• Pro/Con Debates: End-of-Life Care and Emergency Department ECMO (ACCM Town Hall)
• SCCM-Weil Research Grant Spotlight

▲ PULMONARY
• Advanced Rescue Maneuvers for Management of Severe ARDS
• Alternative Modes of Mechanical Ventilation
• Do We Extubate too Early? A Pro-Con Debate
• Mechanical Ventilation: The Art Shrouded in Physiology
• Patient Ventilator Asynchrony: Harmful or Just a Nuisance?
• Weaning from Mechanical Ventilation: Strategies for Difficult Weaning

▲ QUALITY AND PATIENT SAFETY
• Big Data Part I: Advancing Patient Care Through Analytics
• Big Data Part II: Practical Applications and Universal Applicability
• CSI: Transforming Clinical and Fiscal Outcomes Through Staff Nurse-Driven Change
• Endotypes in Critical Care: Patient Heterogeneity and Outcomes
• New American College of Critical Care Medicine Guidelines
• Rehabilitation Starts in the ICU
• Technological Distractions: Alarm and Alert Fatigue
• Why Should I Listen to You? What Type of Evidence Should Change Practice
• Zoom In, Zoom Out: ABCDEF Bundle Implementation Strategies That Work

▲ SEPSIS
• Achieving Compliance with the Severe Sepsis Bundle: The Devil Is in the Details!
• The Changing Epidemiology of Sepsis Across the Globe: Are We Prepared for the Epidemic?
• Modifiable Risk Factors in Sepsis and Critical Illness
• The Obesity Paradox in Critical Care

▲ SURGERY AND TRAUMA
• Are You as Smart as a Fellow?
• Crush Injury: What Happens When Something Is Squashed
• Myths, Rumors and Reality: Caring for Traumatic Brain Injury Patients
• Optimization of Abdominal Solid Organ Transplantation in the ICU

▲ YEAR IN REVIEW
• Year in Review: Anesthesiology
• Year in Review: Clinical Pharmacy and Pharmacology
• Year in Review: Emergency Medicine
• Year in Review: Internal Medicine
• Year in Review: Neuroscience
• Year in Review: Nursing
• Year in Review: Pediatrics
• Year in Review: Research
• Year in Review: Surgery
Please use this form to register for the 46th Critical Care Congress. Please type or print clearly and keep a copy of this form for your records.

2017 CONGRESS TUITION $_________

Tuition includes online access to Congress On Demand after Congress and admission to all general Congress sessions, Exhibit Hall and Exhibit Hall refreshment breaks, and Research Snapshot Shotelers.

ADDITIONAL TICKETED SESSIONS/EVENTS

You must register for Congress to attend these courses at the rates listed below. If you do not want to register for Congress, but wish to attend one of the sessions/events listed below, please visit www.sccm.org/store or contact SCCM Customer Service.

FRIDAY, JANUARY 20, AND SATURDAY, JANUARY 21, 2017

Advances in Veterinary Critical Care $395

Critical Care Pharmacy Preparatory Review and Recertification Course $395

Current Concepts in Adult Critical Care $395

Current Concepts in Pediatric Critical Care $395

ECMO Management* $1,495

SATURDAY, JANUARY 21, 2017

Adult Airway Management in the Critically Ill $495

Adult Multidisciplinary ICU Simulation Bootcamp (half-day course)** $545

Fundamentals Faculty Academy $195

Cardiovascular Physiology to Applied Intensive Care Medicine $495

Ho'ola hou (REVIVE): Resuscitation Officers Training Program (Code Blue and Medical Emergency Teams) $345

Liver Failure in the ICU: Key Concepts and Management Principles $345

Nutrition Research Workshop: From Bench to Bedside $345

What You Need to Know to Manage the Neurologically Critically Ill Patient $345

MONDAY, JANUARY 23, 2017

Fellowship Program Directors Breakfast $85

WEDNESDAY, JANUARY 25, AND THURSDAY, JANUARY 26, 2017

Current Concepts in Pediatric Critical Care $395

Critical Care Ultrasound*** $1,495

Current Concepts in Adult Critical Care $395

Critical Care Ultrasound: Pediatric*** $1,495

* This course will take place at the Ala Moana Hotel in Honolulu, Hawaii, USA.

** This course will take place at the University of Hawaii Translational Health Science Simulation Center in Honolulu, Hawaii, USA. Round-trip transportation from the Hilton Hawaiian Village will be provided.

*** These courses will take place at the Hilton Hawaiian Village in Honolulu, Hawaii, USA.

PAYMENT INFORMATION (Please send payment with registration form.)

□ Check (must be U.S. funds drawn on a U.S. bank) or International Money Order

□ Wire Transfer (Please contact SCCM Customer Service for wire transfer information.)

□ Credit Card: □ American Express □ Discover □ MasterCard □ Visa

Card Number _________________________________________________________________________ Expiration Date ____________________________________

Cardholder Name _______________________________________________________________________

Cardholder Signature __________________________________________________________________ Date __________________

CONGRESS REGISTRATION FEE $_________

ADDITIONAL TICKETED SESSIONS/EVENTS FEES $_________

MEMBERSHIP DUES $_________

TOTAL DUE $_________

If you require any special assistance related to a disability, diet or other needs, please contact SCCM Customer Service by e-mail at support@sccm.org or by phone at +1 847 827-6888, Monday through Friday between 8:00 a.m. and 5:00 p.m. Central Time, to discuss specific requirements.

CANCELLATION/REFUND POLICY Cancellations must be submitted in writing. All cancellations are subject to a $75 nonrefundable processing fee and must be postmarked before December 14, 2016, to be eligible for a refund. Any cancellation postmarked after this date will not be refunded. Exchanges and substitutions are not allowed at any time. Dates for the 46th Critical Care Congress are subject to change and/or cancellation. In the event of a change/cancellation, only individual registration fees will be reimbursed. Please allow four weeks to process refunds.
Room reservations for all Congress hotels will be handled on a first-come, first-served basis. Room rates are quoted in U.S. dollars and do not include any applicable fees or taxes. All reservations are subject to availability. For housing questions, including reservation changes or cancellations, please e-mail sccm@experient-inc.com or call +1 800 650-6928 (U.S. and Canada), +1 847 996-5896 (all other countries), Monday through Friday between 8:00 a.m. and 5:00 p.m. Central Time.

Hilton Hawaiian Village
2005 Kalia Road
Rate: $210 - $299 based on room type

The Hilton Hawaiian Village Waikiki Beach Resort is situated on 22 oceanfront acres of Waikiki’s widest stretch of beach, amid lush tropical gardens and fragrant flowers.

Features:
▲ 20 pools including Waikiki’s largest super pool slide
▲ Full range of business services
▲ 20 restaurants and bars
▲ Exotic wildlife, gardens, ponds, and waterfalls
▲ Camp Penguin children’s program
▲ Fitness center

Waikiki Hotels

- 1 Ala Moana Hotel (D,2)
- 2 DoubleTree Alana Waikiki (D,4)
- 3 Hilton Hawaiian Village (E,4)
- 4 Moana Surfrider, A Westin Resort (E,6-7)
- 5 The Modern Honolulu (E,3)
- 6 Ramada Plaza Waikiki (D-E,3)
- 7 The Royal Hawaiian (E,6)
- 8 Sheraton Waikiki Hotel (E-F,6)
Additional Congress Hotels

Ala Moana Hotel
410 Atkinson Drive
Rate: $169 - $189 based on room type

The Modern Honolulu
1775 Ala Moana Blvd
Rate: $275 single/double

The Royal Hawaiian
2259 Kalakaua Ave
Rate: $295 single/double

Moana Surfrider
2365 Kalakaua Ave
Rate: $290 single/double

Sheraton Waikiki
2255 Kalakaua Ave
Rate: $285 single/double

DoubleTree by Hilton Hotel Alana – Waikiki Beach
1956 Ala Moana Blvd
Rate: $199 single/double

Ramada Plaza Waikiki
1830 Ala Moana Blvd
Rate: $180 single/double

VISIT WWW.SCCM.ORG/CONGRESS FOR ADDITIONAL HOUSING DETAILS.
SCCM is also offering sightseeing tours for attendees who want to explore Hawaii and discover all this Pacific island paradise has to offer. Please visit www.activitysaleshawaii.com/sccm2017 for more details.

**Sightseeing Activities**

**Air Travel**

SCCM has arranged for discounted airfare with United Airlines for travel to Honolulu, Hawaii, USA. Attendees and guests are eligible for up to 10% off published fares. Please reference the offer codes below when booking.

- **Phone:** +1 800 426-1122
- **Agreement Code:** 665358
- **Z Code:** ZXA4
- **Website:** www.united.com
- **Offer Code:** ZXA4665358

**Car Rental**

SCCM has negotiated special car rental rates for Congress with Hertz. Discounted rates are available from all Honolulu locations for rental dates between January 14 and February 1, 2017. To receive the discounted rates, please refer to the information below.

- **Website:** www.Hertz.com
- **Phone:** +1 800 654-2240 (U.S. and Canada), +1 405 749-4434 (all other countries)
- **CV #:** 022Q8027

**Taxi Service / Uber**

Save time and money with the following transportation services. Order online or through your mobile device.

**Taxi**

Taxi service is available from the Honolulu International Airport (HNL) to all Congress hotels through the taxi dispatchers outside the baggage claim areas. One-way fare during non-rush hour periods is approximately $45, plus a baggage charge of $0.50 per bag. Fare is by meter only.

**Uber**

Uber provides transportation around town as well as to and from the Honolulu International Airport (HNL).

- **Website:** get.uber.com/go/sccmhi
- **Discount Code:** SCCMHI
- **$20 discount valid through February 1, 2017, for a new user's first ride with Uber anywhere in the U.S.**
Aha Aina, A Royal Luau
Monday, January 23, 2017
5:30 p.m.
The Royal Hawaiian Resort
2259 Kalakaua Avenue
Honolulu, Hawaii, USA

Experience Waikiki’s only oceanfront dinner show! In ancient times the Hawaiian people came together to celebrate momentous occasions. These gatherings were called ‘Aha‘aina (which translates to “gathering for a meal”). The Royal Hawaiian Resort is located on sacred grounds and has created a modern, yet timeless Aha Aina, a Royal Luau, to honor the land’s majestic history through food, song, stories, hula, and culture—a true celebration!

To purchase discounted tickets, call +1 808 921-4600 and use the code SCCM. Tickets are available on a first-come, first-served basis. Please visit www.sccm.org/Congress for more details.
