Please review the steps to claim continuing education/continuing medical education credit and/or maintenance of certification credit.

**Step 1:** Go to [MySCCM](https://www.mysccm.org) and click on “49th Critical Care Congress - Claim Credit.”
Step 2: The sessions you checked into on the app have been saved in your “Sessions” tab. If you do not see all the sessions you attended, search for the titles in the search bar, scroll through them, complete the evaluations, and claim credit for each session.
Step 3: Go to the “Evaluation” tab and complete the overall evaluation.
Step 4: Complete the “Profile” tab. Please ensure that your specialty and required board information is included so the correct certificate and credit can be processed.

PHARMACISTS: In this step, you are prompted to complete your National Association of Boards of Pharmacy (NABP) information by March 31, 2020. Please be sure to complete all questions in order to claim credit. While the option to print a certificate will appear in your SCCM profile, this does not indicate that your credit has been upload to NABP. Please be sure to check your NABP account within a week of submission or contact support@sccm.org.
Claiming MOC Credit

**Step 1:** Complete the pretest.

**Step 2:** Be sure that you followed all the “Claim Credit” steps listed above. The number of MOC credits claimed is the number of MOC credits that will be submitted.

**Step 3:** Complete the posttest. You will be given 3 attempts to pass with a score of at least 70%.

Click to Take PreTest
Step 4: Confirm your profile.

In this step, you are prompted to complete your MOC board and other pertinent information. Please be sure to complete all questions in order for MOC credit to be claimed. All credits claimed, evaluations, pre- and posttest, and profile tabs must be completed by March 31, 2020, to be eligible for MOC credit.
