

# Advanced Pharmacotherapy in Critical Care

## Sessions

Take a Deep Breath: The Role of Inhaled Anesthetics in ICU Sedation

*Dusan Hanidziar, MD, PhD*

Dexmedetomidine as Standard of Care: Are You the One Using Dexmedetomidine as a First-Line Sedative in the ICU?

*Joanna Stollings, PharmD, FCCP, BCPS, BCCCP, FCCM*

The ABCs of Analgosedation: Building Blocks for Success

*Paul M. Szumita, PharmD, FASHP, BCCCP, BCPS, FCCM*

A, B, C-IWA: Updates in the Management of Alcohol Withdrawal

*Deepali Dixit, PharmD, BCCCP, FCCM*

A Lot to Gain Without Pain: Guide to Managing OUD in the Intensive Care Unit

*Kathryn E. Smith, PharmD, BCCCP, BCPS*

Halting the Domino Effect: Preventing and Managing Iatrogenic Withdrawal Syndrome

*Scott Bolesta, PharmD, BCCCP, FCCP, FCCM*

Ready, Set, Squeeze: Optimal Timing for Vasopressor Initiation

*Ashish K. Khanna, MD, MS, FCCP, FASA, FCCM*

Multimodal Approach to Vasopressors

*Patrick M. Wieruszewski, PharmD, BCCCP*

Not Tiny Adults: Considerations for Pediatric Shock

*Jeffrey J. Cies, PharmD, MPH, BCPS-AQ ID, BCPPS, FCCP, FPPA, FCCM*

Hitting the Target: Therapeutic Drug Monitoring for Beta-Lactam Antibiotics in the Critically Ill

*Lauren Andrews, PharmD, BCCCP*

Will These Change My Practice? The Role of Novel Antimicrobials for Gram-Negative Bacteria in the ICU

*Sunish Shah, PharmD, BCIDP*

How Sweet It Is: The Role of Early Subcutaneous Insulin in Treating DKA/HHS

*Michelle Horng, PharmD, BCCCP, FCCM*

To Stress or Not to Stress: Controversies and Updates in Steroid Use

*Mohammed Aldhaeefi, PharmD, BCCCP, FACC*

Infusing Life Into Nutrition in the ICU

*Ashley D. DePriest, MS, RDN, LD, CNSC*

More Bang for Your Buck: Service Justification and Return on Investment for ICU Pharmacists  
*Brian L. Erstad, PharmD, MCCM*

How Do I Get It All Done in a Day? ICU Pharmacist Practice Models and Balancing the Work  
*Andrea Sikora, PharmD, MSCR, BCCCP, FCCP, FCCM*
